

Earth's Rotation and Revolution

Earth's Rotation – Creates Day and Night

- rotation
 - _____
- Earth's axis is tilted at _____
- the time for one rotation is _____ hours
- rotation creates _____
- the speed of rotation is _____

Earth's Revolution and Tilted Axis – Creates Seasons

- revolution
 - _____
- time for one revolution is _____

Summer in Northern Hemisphere

- Earth is tilted _____ the sun

Winter in Northern Hemisphere

- Earth is tilted _____ from the Sun
