

March/April Homework Activities

In the dates below, you will find suggested activities to help keep you in a “ready for learning” frame of mind and keep up your skills for when we see each other again April 6th. Some activities will involve using things around the house, others will be using things available on google classroom.

Log in instructions:

1. Type edu.google.com in the address bar of your browser.
2. Click on sign in (far right hand corner of page)
3. Select Google Classroom
4. Your child will need to type in their board email (user name followed by @wrdsb.ca). They will be asked to do this twice, then to enter their password. Your child brought this information home on Friday, March 13th.

Find some spare change and count it! If this was your change from spending \$20 in a toy store, how much was your toy?	Write a paragraph about your favourite movie! Use lots of detail to explain why it is your favourite..	Offer to help an adult organize a closet or cupboard.	Go the ENTIRE day without technology as a family.	Read non-fiction information for 30 minutes. Share three facts you learned with someone in your family.	Play outside for 1 hour.	Do a science experiment about light and sound Links about this are in Google Classroom, under Science
Create a poster advertising your favourite game or sport.	Play a board game that involves money with your family!	Play two math games from Google Classroom.	Draw a realistic picture of a person's face	Play multiplication war	Play Prodigy for 30 minutes	Make a musical instrument out of recycled material!
Write down your family tree.	Practise your multiplication tables.	Take a survey in your family and use it to make a graph	Make a division problem your parent MUST solve	Solve a puzzle	Make a comic book!	Have every family member record what they eat for a day and discuss who made healthy choices
